PROFESSIONAL EXPERIENCE

ImageQuest — Nashville, TN

Systems Administrator (Promoted from Client Support Specialist II/III) | Aug 2021 – Present

- Engineered and managed multi-tenant Azure and Microsoft 365 environments supporting business clients.
- Resolved complex escalated service tickets for firewalls, VPNs, RDS, and line of business applications.
- Leveraged AI-assisted tools to refactor automation scripts and accelerate technical documentation creation, reducing development and maintenance cycles.
- Utilized AI-driven troubleshooting techniques to analyze security logs, rapidly diagnose system vulnerabilities, and streamline issue resolution.
- Conducted routine system audits, proactive server maintenance, and automated alert monitoring to minimize downtime.

The AME Group / Advanced Network Solutions — Nashville, TN

OSC Support Engineer (Promoted from IT Support Specialist) | May 2015 – Aug 2021

- Served as escalation point for complex infrastructure issues across financial, healthcare, and government clients.
- Partnered with vendors and authored comprehensive technical documentation and SOPs to streamline team troubleshooting.
- Executed onboarding/offboarding workflows and proactive server maintenance for remote client networks.

Gaither Technologies / Old National Bank / First Security Bank — Various Locations

Technical Support Analyst & IT Specialist | Jun 2010 – May 2015

- Managed Active Directory, core processing systems, network infrastructure, and backup/disaster recovery across 11 branch locations.
- Executed OS migrations (Windows XP to 7)
- Administered managed IT services, Active Directory, Windows Servers, and core networking (DNS, VPNs, firewalls) for diverse clients while serving as a technical vendor liaison.

CERTIFICATIONS

- CompTIA Security+ ce (2017 – Present)
- Microsoft Certified Professional (MCP) & Desktop Support Technician (MCDST)
- Fortinet Security Sales Associate (NSE 1-3)

EDUCATION

- Bachelor of Science: Computer Information Technology — Western Kentucky University
- Associate of Applied Science: IT / Computer Networking (High Distinction) — Owensboro Community & Technical College
